

RESPONSE TO JUSA' S 'COMMUNITY STATEMENT '

Jamiatul Ulama South Africa

COUNCIL OF MUSLIM THEOLOGIANS

For the Record: This is the JUSA Centenary (1923-2023)

A COMMUNITY STATEMENT

Muhammad is the Messenger of Allah, and those who are with him are hard against the disbelievers, Merciful towards one another. (Qur'an 48:29)

There could be other inferences from this Aayah. However, giving the benefit of the doubt, we will take it that JUSA means we are all of one brotherhood and should show compassion to one another, be united, not give our common enemies a chance to take advantage of us, etc. (Further on reference is made to this in their community statement and its reply is given there).

It must be understood that we cannot be one brotherhood when some among us promote the very opposite of the Dien of Nabi *Sallallaahu Alayhi Wasallam*, like closing the Masaajid, promoting Dien through TV, YouTube, freely intermingling with the opposite gender, participating in the interfaith agenda and a host of other dangerous, anti-Imaani activities. We can only unite and have one brotherhood on the Dien of Nabi *Sallallaahu Alayhi Wasallam*!

A booklet published by Khanqah Akhtari, purported to be an edited transcript of a public talk by Moulana Abdul Hamid Ishaq (Damat Barakatuh), the rector of Madrasah Arabia Islamia at Azaadville, has recently been circulated.

This talk was a public talk and in the public domain. This community statement was issued about 3 months later.

Certain claims in the publication cast the Jamiatul Ulama South Africa (JUSA) in dim light.

Not in dim light, totally exposing the evil stance of JUSA, not by Qur'aan Sharief and Hadith Sharief or what we saying. The truth is that the publication totally exposes the falsehood of JUSA, by sharing what they themselves said on their own official website - which they have shrewdly and slyly deleted. Shukr to Allah *Jalla Jalaaluhu* by using the "**Wayback Machine**" (a digital archive of the World Wide Web, allowing users to

see how websites looked in the past), this information was retrieved. A professor found your deletions using the Wayback machine, which cannot now be denied by you.

Our first question to you is why did you delete from your website all that which was in line with the old, original Jamiat, between 2001 and 2010, roughly?

For example when the Iranian embassy objected to you of your stance of the founder of shiasm, you gave them such a reply which totally silenced them! **Why have you now gone to bed with them?!** You invited Tariq jamiel to further this evil stance of your's! The terrible atrocities asad's government is meeting out against the Sunnis in Syria presently, and you can still be in bed with them?!?!?

Here are some links that the old Jamiat's stance on shiasm and the letter to the Iranian embassy for our perusal

JUSA rejects such assertions as distortions of the historical record.

These are no '*assertions as distortions of the historical record*'. They are there on your own website which you deceitfully deleted, as with many, many other deletions of yours, as will be pointed out in this article, or if prompted to, in future articles!

As explained by Professor Abu Hurairah from overseas, the Wayback machine brought out all your dirty tricks of having deleted your own evidence that has now turned around against yourselves! ...

You may have deleted it here, but it cannot be deleted by Allah Jalla Jalaaluhu except with sincere public Taubah.

Another example for your information, your article on the impermissibility of tv is so hard but correct, that irrespective of the content, tv is extremely harmful and haraam!

Why the complete opposite now, where you condone and promote the filthy, dirty tv to try and promote the pure Dien?!

Publication on Harms of TV

<https://ka.org.za/content/jamiatul-ulama-tv>

Can you still claim to be the same Jamiat established in 1923? On what wayward remote grounds can you make such a preposterous claim when the old Jamiat was totally opposed to it and declared it totally haraam?!

By attempting to denigrate and delegitimise JUSA's current leadership in the minds of the Muslim Ummah,

You, yourselves, '*denigrate and delegitimise JUSA*'. We merely pointed out the evidence - for the public to be aware and understand ...or for you to understand. If anything, you kicked the ball into your own goal posts; the referee declared it a goal against yourselves! He only did his duty! Now, you whimper and blame others!

The Publication tries to delink the organisation from its Historical origins.

Not 'tries'; rather it proves without a shadow of doubt, presenting evidence from your own website!

Your path is 180 degrees diametrically opposed to the original Jami'at and filled with kufriyyaat and major, major sins. This is as far as ideology is concerned.

As far as the chronological aspect is concerned: In 1991 the old Jami'at was hijacked. There were no elections held. Before we could rub our eyes and come to terms of what was happening, we found a new president instated and the meeting ending abruptly! Thereafter, good Ulama were steamrolled and the original Jami'at plundered and pillaged of its principles.

JUSA today is not a new organisation but the same Ulama body founded in 1923, as Jami'atul Ulama Transvaal.

This has been clearly debunked! We invite all to read the publication.

It should be sufficient to say that the Allegations contained in the publication do not pass the Scrutiny of the historical record, backed by concurrent Reports of events, official minutes of meetings and Documented accounts.

These are no allegations; these are hard facts from your own deleted website.

Do bring your historical records, minutes of meetings and documented accounts to a public meeting/debate for the public to make a decision. We would like to hear your reasons for your deletions of articles and Fataawa. A few examples are provided in this response, in addition is the link to the Old JUT website for your perusal.

Links to old JUT site with pertinent articles on the secularism, interfaith, universities where JUSA has made a 180 degree u-turn from the original.

JUSA exercises restraint in engaging with discourses that either detract Ulama from focussing on service to the Community, or may lead to the calling to question the Integrity of the fraternity.

What kind of restraint when you have come out with this notification; this community announcement?!?!

This gives us no pleasure. We only do so as a serious requirement of Dien, so that JUSA could acknowledge its wrongdoings and its deliberate misguidance, and rectify its rulings so that the public could be saved from a terrible ruin!

As mentioned above we are prepared to be challenged in a public meeting/debate to prove us wrong as JUSA deems us as the liars. We are prepared to and it is our duty to defend the truth.

“...Then let us earnestly pray, and invoke the curse of Allah on those who lie.” – Surah Aal-Imraan 3 : 61

Especially at the time like this, When the Ummah is helplessly agonising over the Genocidal massacres being meted on our Palestinian brethren, the publishing of such a booklet reflects a serious Lack of discernment of priorities.

This talk was given 38 days before 7/10/2023, the beginning of the Gaza war when there was no dream or thought of a war. It was a public talk and in the public domain. JUSA has chosen to bring it up months after. ...Is this not to stir up and exploit the emotions of the public at a time when thousands of Muslims are being killed in Palestine?

Concern for Imaan and the Akhirah has, unfortunately, been relegated to and termed 'lack of discernment of priorities' by you, whereas at a time of great oppression and persecution in the Ummah and despite the desperate needs of the suffering Ummah, you prioritised on a birthday bash and centenary celebrations.

JUSA takes particular exception to the undertones of the Publication, where it seeks to undermine the integrity of Senior Ulama representatives who have, for over 60 years, served the community with distinction, and foremostly Represent the collective living memory of the organisation.

Who is undermining the integrity of the senior Ulama? Is it not JUSA who play the name dropping game, whereby they undermine the upright and correct stand and efforts of the Senior Ulama to try and prove that they stood and endorsed the wrongs of JUSA of today?!?!

What a deplorable, cunning, sly, crime and slander against the Senior Ulama of yesteryears!!! What terrible atrocities!!! Yes they served the community with distinction by upholding the true Dien of Allah Jalla Jalaaluhu and not a false dien of the atheists, scientists, governments, media, etc. which the present illegal JUSA is doing!!!

As a community aboard a ship, we call upon the Ummah to Remain steadfast and united, navigating the stormy Waters that we are sailing through. When a sea vessel sinks, It does not matter on which deck passengers are on.

We should be steadfast and united on the rope of Allah *Jalla Jalaaluhu*, the Qur'aan Sharief and Hadith Sharief, the Dien of Allah *Jalla Jalaaluhu*!!! Your call is not to the Qur'aan and Sunnah in its pristine purity; rather it is to a liberal and diluted version of Islam which accommodates Haraam, the kufr of Interfaith, intermingling of sexes, etc. You are responsible for having brought up conditions of chaos in the community. The 'stormy waters' have been fomented by the present JUSA, by moving in the total opposite wrong direction of the Elders of the true, original Jamiat! Now, you call on the public to join you on falsehood and evil.

As we Foment divisions among ourselves, only serves Islamophobes and bigots who in their anti-Islam Onslaught do not make any distinction of 'kinds' of Muslims.

So we must unite with those who want to destroy Islam from within? So Islamophobes and bigots don't have a chance to have blood on their hands in their onslaught on

Islam from outside?!?! Join us in doing all the filthy, dirty work from inside by joining us on our falsehood, devil practices and evil?!?!?!

CREATING DIVISIONS IN DEEN

https://web.archive.org/web/20010422122009/http://www.islamsa.org.za/library/pamphlets/creating_divisions_in_deen.htm

May Allah Guide us towards what He loves, and protect the Ummah from self-harm and indignity. Amin.

‘Self-harm and indignity’ stems from the wayward doings of JUSA.

May Allah *Jalla Jalaaluhu* save us and the whole Ummah from the self-harm and indignity JUSA is causing, knowingly or unknowingly! Aamien!!!

Dear Ummah, you be the judge. Read the publication for a complete, proper and fair understanding, refer to link below.

From their own website, what they have deleted, for reasons known to them, but, Alhamdulillah, retrieved by the way back machine, their present stance is diametrically opposite of Jamiatul Ulama Transvaal, so they have no grounds whatsoever to claim that they are 100 years old! They only 32 years old, of which, the first 10 years they were still following in the footsteps of the old, original Jamiat. The next 10 years, very actively they removed all their connections with the old, original Jamiat. It is only the past 13 years that the new JUSA with its funny, spooky new world order religion is in existence. 13 never equals 100. It may be according to them, in their spooky religion, Not by anyone else. They have been exposed and cannot hood wink and pull wool over the eyes of the public anymore!

Ideologically and chronologically it has been proven that they NOT 100 years old. All the Centenary celebrations (in themselves totally anti-Islamic) were only 13 years old and at best 32 years old. And there is no arithmetic calculation where 13 or 38 = 100?!?!?! If in their hallucinations they are an Islamic Organization and they existing for 100 years, we would kindly like to remind them that, that according to our Islamic calendar that was 3 years ago, they missed out on their calculations again or were they asleep like rip van winkel? Like their arithmetical miscalculations have they misidentified themselves, of an Islamic ethos, as well?!?!

You have cunningly and slyly deleted your own stance on Haq and the Ulama of the old, original Jamiat and wandered in the quagmire of filth and dirt, shirk and kufr. You have deleted it here, but it can't be deleted by Allah Jallajalaaluhu except by sincere public toubah. It's very worrying because Allah Jallajalaaluhu has already exposed your cunningness and evil here in dunya. May Allah Jallajalaaluhu protect us all! Aamien!

In Sura Al Imraan, Aayat 105, Allah Ta'aala say

Walaa takunu kalazhiena tafarraqu....

Do not be like those people who cause divisions and differences after clear signs have come to them, for such people there is a severe punishment!

The new Jamiat was on the path of the old Jamiat, more or less, for about 10 years, on the clear, correct matters of Dien, they then started following a new path that has caused divisions and differences, differences of haraam, major sins, shirk and kufriyaat, as warned to by the Qur'aan Sharief! Further the Qur'aan Sharief explains the severe, severe punishments for such people! This is our concern for you and the path of destruction you are leading the Ummat on! *Alamaanul Hafizh!*

In Surah Baqarah Aayat No. 42 Allah Ta'aalaa says

Walaa talbisulhaq bil baatili.....

And do not mix the truth with falsehood and do not hide the truth, while you know.

This Aayat is self-explanatory and the reality evident: that don't mix the truth with falsehood, which is the order of the day with JUSA and don't hide the stark truth. This Aayat clearly depicts JUSA's condition!

In Surah Aaraaf, Aayat No 169. Allah Ta'aalaa says

Fa khalafu minm baa'dihim khalafu.....

They were followed by.....

Here also Allah Jallajalaaluhu warns us of those followers of their predecessors who hanker after the things of this dunya and say they will be forgiven. In this Aayat also Allah Jallajalaaluhu warns us not to lie against Allah Jallajalaaluhu (change the Dien of Allah Jallajalaaluhu and call it His Dien).

has a pledge not being taken from them that they will only follow the Haq, the Truth and they have studied it accordingly!

And in many, many Aayaat and Ahaadith have we been warned of all these evils and their consequences!! We appeal to all at JUSA to come back to the truth, the original Islam you were following! Immediately there will be peace and harmony and unity between us, and together, we can fight our common enemies!

<https://www.ka.org.za/content/jamiatul-ulama-transvaal-jusa-truth-divide>

It is our earnest and sincere Dua and we invite them to the correct path of Dien and the path of the founders and followers and leaders of the old, original and correct Jami'at! In this way we will all be united on the Truth! This is our hearty wish, desire and Dua! *Aamien thumma Aamien!!!*

We appeal to all at JUSA to come back to the truth, to the original Islam you were following! There will be peace, harmony and unity between us. Together, we can fight our common enemies! May Allah *Jalla Jalaaluhu* grant us all sincerity and the honest concern for our Qabr and the hisaab of Aakhirah! *Aamien Ya Rabbal Aalamien!!! Aamien thumma Aamien!!! Wa Sallallaahu Alaa Sayyidina Muhammad Sallallaahu alayhi wasallam.*
